

BALANCING BOXES

design **Front**
2010

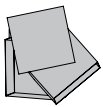

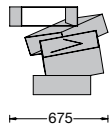

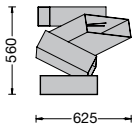

Balancing Boxes è un tavolino costituito da una serie di scatole in metallo verniciato bianco o nero sovrapposte con irregolarità, in equilibrio nello spazio. Inclinazioni, penetrazioni ed un'immagine multifaccettata, che ci regala sensazioni diverse da qualsiasi angolazione la si guardi.

Balancing Boxes is a small table consisting of a series of irregularly overlapping white or black painted metal boxes, as though balancing in space. Inclinations, interconnections and a multifaceted image, giving different sensations as we look at it from different angles.
