

# J-SERIES / J41

DESIGN BY BØRGE MOGENSEN

Designed to recreate the classic FDB furniture collection, the J-Series offers a functional design born out of industrial development.

FDB created a strong furniture concept in 1933, and under Børge Mogensen's leadership as design director from 1942, the FDB furniture linked industrial production closely with architectural furniture design. The primary focus was not on detailing, but on making well-designed furniture accessible to the general population. The industrial approach eliminated the need for special components and all chairs featured identical legs. FDB revolutionised the industry as a precursor of many of the design icons that Denmark is acknowledged for today around the world.

HAY's reproduction of Børge Mogensen's classic J41 chair has a slightly slanted backrest and widely-spaced spindles creating an uncluttered design that offers a timeless quality. With a broad plywood seat and frame in solid oak or beech, the design is both hard-wearing and comfortable. Available in oiled, matt lacquered or painted finishes.

## PRODUCT DETAILS

- / Part of The FDB furniture series which include J77 (Folke Pålsson), J110 (Poul M. Volther), J104 (Jørgen Bækmark) and J42 (Børge Mogensen).
- / Features wide seat and curved spindled back.

## CONSTRUCTION

Moulded seat beech with oak- or beech veneer layers.

The chair parts are fitted together with adhesive, before inserting a screw connection into the seat to ensure optimal durability. Painted versions have a layer of paper on the top to prevent cracks to the veneer.

Assembled.

## RECYCLING AND DISASSEMBLY

J41 is designed to be a long-lasting furniture made to last for many years. The chair is 100% recyclable and all parts can be fully separated and recycled. All parts can be delivered to a suitable recycling facility.

## DIMENSIONS

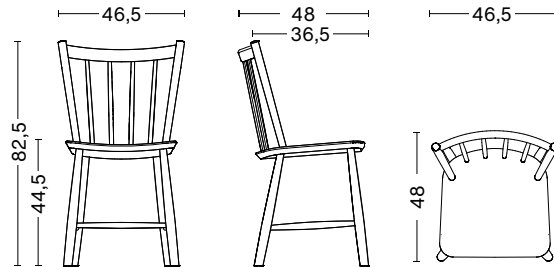

WIDTH / 46,5 cm / 18.30"

DEPTH / 48 cm / 18.90"

HEIGHT / 82,5 cm / 32.48"

SEAT HEIGHT / 44,5 cm / 17.52"

SEAT DEPTH / 36,5 cm / 14.37"
