

Sushi 12 outdoor

Designed by Bartoli Studio

The minimalist charm of the extendible Sushi table can be seen in this outdoor version equipped with the same extension device as the indoor one, but with a 12mm thick HPL top to guarantee even higher resistance while keeping an extremely slender profile. The tray that houses the extensions is in tough thermoformed plastic, and is equipped with perforations for rainwater runoff. It has an aluminium frame with stainless steel fixings to ensure it remains unchanged over time.

Leg finish:

- Anodised aluminium
- Aluminium with white lacquer
- Aluminium with anthracite grey lacquer

Finish of top/extensions:

- White laminate
- Grey laminate
- Anthracite grey laminate

! Tables can be left permanently outdoors, although this may cause tops to bend slightly over time, always in compliance with the accepted standards of quality.

☺ Tables that extend to more than 250 cm have a top that slightly bends, which complies with accepted quality standards.

Extendible (↔)

Code	Length (cm.)	Depth	Finish of legs	Finish of top	Vol.
